

YITZHAK MEIR AND ZYSE FREIDA SZPIRO Z"L

My parents were renowned in Kutno as great philanthropists and good-hearted people. I remember that two foreign young *yeshiva* students stayed in our home for a very long time. My parents wished them to be able to study Torah in the town of Rabbi 'Shiele Kutner. Help for the needy, a good word for the suffering – were the worries and efforts of my parents.

My uncle Henech (my father's brother) was also a hospitable and charitable Jew. His hospitality was renowned in Kutno.

We were five children living in Podrzeczna St 12, but only my sister (in Canada) and I (in Israel) escaped from Hitlerian savagery.

I will not forget the martyrs of my family.
